CAREER OBJECTIVE

Software Developer with 3+ years of experience designing and developing applications, seeking a role focused on strong development practices and professional growth.

SKILLS & TECHS

- Languages: C#, PHP, SQL, JS, HTML/CSS
- Framework: .NET (WinForms, ASP.NET)
- Architecture: Layered Architecture, RESTful APIs, Controller–Service–Repository Pattern
- Database: MySQL (schema design, stored procedures, triggers, views, events)
- Cloud & Version Control: AWS, Git, GitHub
- Tools: Visual Studio, VS Code, Postman, Swagger

PROFESSIONAL EXPERIENCE

SOFTWARE DEVELOPER

Castles Int'l Technology & Services PHL, Inc | Aug 2022 – Present

- Refactored and maintained multiple modules in legacy C# WinForms + MySQL MIS application; eliminated recurring runtime failures and improved reliability.
- Designed and implemented Helpdesk and Billing modules replacing manual and Excel-based processes; reduced processing time and human error.
- Built automated billing email system (custom timing, CC/BCC, logs, reporting) improving collection tracking and removing manual sending.
- Improved MySQL reliability through data cleanup and implementation of stored procedures, triggers, functions, and events.
- Refactored PHP REST API using controller–service–repository pattern; standardized responses and reduced tight coupling.
- Managed Git workflows and AWS deployments to stabilize releases and reduce production issues.

KEY ENTRY OPERATOR

Freight Process Outsourcing Solutions Inc. | 2021 – 2022

- Entered shipment data from faxed documents applying complex business rules and validations.
- Consistently met minimum daily quota of 100 shipments with high accuracy.
- Processed and analyzed operational data in Excel, generating reports supporting management decisions.

DATA ENCODER

Promerch Unlimited Inc | 2015 – 2016

- Produced daily Excel reports and charts ensuring accurate stock information.
- Created Excel-based calculations and summaries to support planning decisions.
- Provided hardware, software, and network support to maintain operations.
- Collaborated with coordinators and merchandisers to resolve stock discrepancies.

EDUCATION

Bachelor of Science in Information Technology

Jose Rizal University | 2023

Diploma in Software Development

ACLC Mandaluyong | 2012

Awards: Programmer of the Year, Best in Thesis

CERTIFICATIONS

Programming NC IV

ACLC Mandaluyong | 2013
